GENERAL INSTRUCTIONS

Only hard-sided cat carriers will be accepted at the Standish location. Any type of soft-sided, zipper carriers, cardboard boxes, or crates, or multiple cats in one carrier will be refused – you will forfeit your appointment and your payment.

Your carrier must be secure – before you leave home, double check door and other closures/latches to ensure they work properly and are securely closed. Please provide your cat with a soft towel/liner.

1. All cats should have free access to water until surgery.
2. Cats **over 5 months** must “fast” for at least 12 hours prior to surgery. Remove all canned and dry food by midnight.
3. Cats **under 5 months** can have a small meal (maximum one tablespoon of wet/dry food) the morning of surgery. No food should be given after 7:00 a.m. day of surgery.

4. Please provide your cat with a soft towel/liner in their carrier.
5. You should purchase an Elizabethan collar for all cats for use when your cat returns home; please do not bring the collar to the surgery site as we cannot assure that it will remain with your cat.
6. Drop-off time is between 7:00 a.m. and 8:15 a.m. at Standish Humane Society, 622 Congress Street, Duxbury, MA. Phone: 781-834-4663. Pick-up time will be approximately 4:00-5:00 p.m.
7. Please bring any paperwork regarding your cat's medical records and previous vaccinations.
8. **REMOVE ALL FLEA COLLARS** ten (10) days prior to your "Spay Waggin" date. Flea collars contain chemicals that can interfere with anesthesia.
9. Please also remove any decorative collars as they interfere with handling your cat and may be lost.
10. Please bring extra money with you when you pick up your pet. Occasionally, the veterinarian will need to send your pet home with post-surgery medication. **WE ONLY ACCEPT CASH AT THE SURGERY SITE.**
